

Panasonic.

Featuring The Latest in Blu-Ray Technology

The next generation of storage, backup, and media is here with Blu-ray drives. The Blu-ray disc format offers 5 to 10 times more storage than DVD, meaning 25 to 50 GB of data can be stored on a single Blu-ray disc. Blu-ray drives will lead the way for next generation data and high definition movie storage.

The SW-5582-CXX can read / write multiple formats including: BD-ROM, BD-R, BD-RE, DVD-R, DVD-RW, CD-R, CD-RW, plus many more.

Drive Capabilities

Media	Write	Read
BD-R (Single Layer/Double Layer)	2x	2x
